Commissioner for Patents Washington, DC 20231

Sir:

For:

In an Office Action issued on May 31, 2002, election of one among the following purported patentably distinct species of claimed invention is required: Species 1 (Fig. 10), Species 2 (Figs. 15, 5 and 9) and Species 3 (Fig. 3). Applicants elect Species 3, consisting currently of claims 2 and 3, for examination. This election is made with traverse.

The Examiner is requested to reconsider the proposed grouping of claims. Applicants consider the following grouping to be more appropriate than the grouping proposed by the Examiner:

Group I, corresponding to Figs. 1, 8 and 10, consisting of independent claim 1 and dependent claims 5 and 8;

Group II, corresponding to Figs. 2-4 and 9, consisting of independent claim 2 and dependent claims 3, 4, 6, 7 and 9; and

WDC99 620441-1.050090.0295

09/846,272

Group III, corresponding to Figs. 13-19, consisting of independent claim 10 and dependent claims 11-15.

If the Examiner accepts Applicants' claim grouping, Applicants will elect Group II, and examination of independent claim 2 and dependent claims 3, 4, 6, 7 and 9.

Substantive examination of claims grouped in the manner proposed by Applicants, as believed is appropriate, will very much be appreciated.
